Green Campus code of conduct for the session 2016-17

A Green Campus is where natural cordial practices and instruction consolidate to advance maintainable and eco-accommodating practices in the grounds. The green grounds idea offers an organization the chance to lead the pack in reclassifying its natural culture and growing new ideal models by making practical answers for ecological, social and monetary needs of humanity.

Objectives

- Understanding various environmental issues and the need to address them.
- Sensitizing people about the need for protection of the environment for a sustainable and healthy future.
- Instill a sense of responsibility for the environment and a personal commitment to protect and preserve the environment
- Ensure environment friendly practices in the college.

Clean Campus Initiatives

- Generating mass awareness on cleanliness and hygiene amongst students and staff members by holding regular cleanliness drives. The idea is to motivate them to contribute in a proactive manner.
- Activities under 'Swachh Bharat Abhiyan' will be a key component of all the community work being done by NSS, NCC and Green Society volunteers of the college.
- Staff Members will be encouraged to participate in the cleanliness drive in the college campus.
- Events such as Poster Making and Slogan Competitions, Essay Writing, Spoken Word Poetry, Speeches, Skits on 'Swachh Bharat' will be organised.
- Rallies on themes connected with 'Swachh Bharat Abhiyan' in and around the college campus will be conducted to create mass awareness.
- Remove all kinds of waste material like broken furniture, unusable equipment etc.
- Administer of the pledge by students and staff members to maintain cleanliness of the college campus and its surrounding areas on an annual basis.
- Conduct workshops on the 3Rs: Reduce, reusing and recycling of waste.

- Commit to managing waste and maintaining a clean campus especially during college events.

Waste Management Processes – Solid Waste Management

With its aim to provide holistic education that also has a positive impact on the environment, the college will adopt practices that will mitigate the generation, and manage solid waste through the following methods :

- Collect paper waste produced on campus and collaborate with scrap dealers for recycling.
- Ensure that all cleaning products used by college staff have a minimal detrimental impact on the environment
- Use two types of bins separately for biodegradable and non-biodegradable wastes in the college campus as well as in hostels
- Minimize the use of fertilizers and pesticides in college grounds, opting for the use of compost produced on site wherever possible.
- Encourage the students and teachers to use emails for assignment submissions.
- Take initiatives to spread awareness amongst students about:
 - Food wastage and ways of minimizing it
 - Minimizing the use of packaged food
 - The habit of reusing and recycling non-biodegradable products
- Organizing workshops for students on solid waste management.

Plastic-Free Campus

In view of the Government of India's resolution to ban all single use plastics due to the hazardous impact of plastic use and pollution, the college administration strictly bans the use of single use plastics in its premise to make it a 'Plastic Free Campus'.

Minimize consumption of water

Repair sources of water leakage, such as dripping taps and showers as quickly as possible.

Install appliances which reduce water consumption.

Using an efficient and hygienic water storage mechanism is to minimize the loss of water during storage.

Environment Protection and Green & Clean Campus

The College makes all the necessary efforts to involve the students, faculty and staff in "Clean, Green and Eco-Friendly Initiatives" by designating a policy document to run this drive for the purpose of protecting Environment. The College is a quality conscious college. It protects its own environment with its green campus initiative and keeps pollution free campus. Environment development is its basic work with the educational policies implemented on the campus. Environmental conscious administration, the management and the students of the college look after the environment carefully. Every year, during the rainy season, we do tree plantation and carefully look after it. It's our own responsibility to preserve the work done on the campus related to the environment.

Our Environmental Policy:

- To create awareness regarding environmental policy amongst the students and the teachers.
- To sensitize the students and staff regarding the use of drinking water properly for which, we have provided purified (RO aqua-guard) drinking water facilities on the campus.
- To maximize the use of ICT and minimize the use of paper. It will help to go towards "Paperless Office".
- To use the solid waste through vermin-compost on the campus and use it as a fertilizer.
- To use "Use me" Dry and Wet dust bins in the college campus so as to keep the college campus clean.
