2.	Workshop	24/11/2023	Compost Making from Kitchen Waste	Ms. Jonika/ Dr. Suman	07	40

Poster making competition on Say No to Plastic

09/10/2023

On 09 October 2023 Green Club AMMB organized a poster making competition on topic "Say No To Plastic" plastic is not only environmentally harmful to manufacture and dispose off but it also takes a toll on your health and it takes incredibly long time to degrade in a natural environment. A number (39) of students participated in this competition and each student presented their ideas through their poster. Under the guidance of Dr. Alka Mittal (Principal AMMB), Dr. Suman (Co-ordinator Green club), Ms. Jonika (Convener), Ms. Manisha (Co-convener), Ms. Priya Sharma (co-convener) successfully organized the activity. Also the judgement were given by Mrs. Nirmal Malik(Zoology), Mrs. Rajita (Fine Arts), and Mrs. Seema (Fine Arts) based on the creativity and perception of the participants on "Say No To Plastic". Dr. Neelam Gupta (Vice Principal AMMB) addressed the rising situation of harmful effects of use plastic and best six were awarded with prizes and certificates by Dr. Neelam Gupta.

Workshop on Compost Making from Kitchen Waste

24/11/2023

On 24th November 2023, The Green Club, in collaboration with the Department of Botany, organized a workshop titled “Compost Making from Kitchen Waste”. Ms. Manisha, Assistant Professor Botany, delivered a lecture on compost making. The workshop aimed to educate students about the organic elements of compost and how it aids plant growth. Sh. Ramswaroop and Mr. Rameshwar, both gardeners, provided a practical demonstration explaining the compost-making process using kitchen waste. This hands-on experience enabled students to learn various methods of composting. The workshop was thoroughly enjoyed by all volunteers, who actively participated and gained valuable insights.

Simultaneously, the Green Club conducted a Tree Plantation activity on the same day. The Principal inaugurated this tree plantation activity by planting a sapling. Subsequently, volunteers proceeded to plant additional trees in the area and assumed the responsibility of nurturing and maintaining these plants. Dr. Alka Mittal (Principal), Dr. Suman (Coordinator, Green Club), Ms. Jonika, Ms. Manisha (Assistant Professor), Ms. Priya (Assistant Professor Botany) and other faculty members graced the workshop with their presence. The tree plantation activity was enjoyed by all volunteers, who actively participated and gained valuable insights.

Future plans

The future plans for a green club encompass various initiatives such as promoting recycling programs, organizing community clean-ups, hosting educational workshops on sustainability, advocating for renewable energy, initiating tree planting campaigns, and collaborating with local businesses to reduce environmental impact. It's about fostering a more eco-conscious mindset and taking actionable steps towards a greener, more sustainable future.
