

Workshop on ' How to frame a Research Proposal'

A workshop was organized by Research and development cell on ' How to frame a research proposal' Under the guidance of Principal Dr. Alka Mittal. The resource person of this workshop was Mr. Neelabh Gupta (A Renound International Scholar in Anthropology) of the Centre for South Asian Studies, University of Edinburgh, UK. The Idea of workshop was to enhance the knowledge of research proposal for PG students as well as for staff. He told about the different types of researches i.e Analytical research, Theoretical Research and Experimental research. His main focus was on the impact of science on society. He guided the students and staff regarding framing the effective research proposal by giving some exercises. Students majorly discussed the topics i.e PCOD, AI, Modern Technology, Effect of Nano Technology in cosmetics and climate changes etc. The participants gave their feedbacks and suggested to organize more workshops regarding this topic in future also. Total 77 beneficiaries attend the workshop.
